It seems to me the water dept dries wolf, we are a community that has a lot of snow birds, many from Canada, They keep there water and sewer bills coming monthly to them and most of them actually never use any water except there drip systems, basically not even coming close to using hardley any of the service but paying the full amount. In my walking my neighborhood I see a lot of these trucks driving & not much doing. They are crying wolf, we people that are on a fixed income "unreadable" per year of some years nothing at all. I pay way more than people in other states in the west & would like to see our bills go down not up!
